Amendments to the Specification

Applicants have amended the specification to claim priority to the parent application, United States Patent Application Serial No. 09/494,278, which is currently pending in the United State Patent and Trademark Office. Applicants have also provided a replacement Abstract to merely correct the line spacing of the original Abstract. No new matter is presented.

Omitted Figures

Applicants have provided Figures 2B, 2C, 2D, and 2J and a Petition to Supply Inadvertently Omitted Figures and Accept a New Filing Date, as required by the Notice dated September 28, 2004. Applicants inadvertently omitted these figures from the drawings as figures 2B, 2C, 2D, and 2J are referred to in detail on pages 22-23 and 25-26 of the specification as filed. The description in the specification of the simple devices in the omitted figures is sufficiently detailed to be fully understood absent the figures. Therefore, no new matter has been added to the specification with the inclusion of these figures.

Supplemental Oath

Applicants have provided an unsigned Supplemental Oath referring to the previously omitted Figures 2B, 2C, 2D, and 2J. Applicants will file the signed Supplemental Oath promptly.

Please debit Deposit Account No. 50-0581 for any additional fees.

DATED this 28th day of March, 2005.

Respectfully submitted,

A handwritten signature in black ink, appearing to be 'Daniel McCarthy', written over a horizontal line.
